

**P&D Industries**

# Complete Industrial Manufacturing Solutions

Rubber Moulding · CNC/VMC Precision Parts · Industrial Fabrication ·  
Gujarat, India

# About P&D Industries

Based in Vadodara, Gujarat, P&D Industries is one of India's most trusted names in industrial manufacturing – delivering precision rubber components, CNC/VMC machined metal parts, and advanced fabrication solutions under one roof.

## Rubber Expertise

Moulded & extruded components in Viton, Silicone, Nitrile, EPDM, Neoprene & more

## Metal Precision

CNC/VMC machined parts in MS, SS, Brass, Copper, Aluminum & EN Series

## Fabrication

Laser cutting, CNC bending, welding & complete structural fabrication solutions

# Our Capabilities

## Rubber Moulding

Neoprene, Nitrile, EPDM, Viton, Silicone, Natural & Polyurethane rubber

## Rubber Extrusion

Custom profiles, cords, tubes, sleeves, door seals & sponge gaskets

## CNC / VMC Machining

High-precision turned & milled parts for automotive, hydraulics & pneumatics

## Industrial Fabrication

Laser cutting, CNC bending, MIG/TIG welding & structural assemblies

## Custom Engineering

Tailored solutions from drawing, sample or specification – any size, any grade

# Product Range

## RUBBER COMPONENTS

### Moulded & Extruded Rubber

- O-Rings (1mm - 1000mm dia), Flat Rings, X/Quad Rings
- Seals: U/V/Lip/Oil/Rod/Wiper Seals, Gaskets
- Diaphragms, Bellows, Grommets, Bushes
- Pads & Sheets (Fabric, Teflon & Metal Bonded)
- Extruded Profiles: Cords, Tubes, Sleeves, Door Seals, Sponge Gaskets

## METAL & CNC PARTS

### Precision Metal Components

- CNC Turned & VMC Machined parts
- Materials: MS, SS, EN Series, Brass, Copper, Aluminum
- Pins, Washers, Flanges, Bushings, Cylindrical parts
- Automobile, hydraulics & pneumatics components
- Custom sizes, grades & specifications

# Industries We Serve

## Electric & Switchgear

Power control, switchgear & electrical enclosures

## Pharma & Filtration

Food-grade, non-toxic, RoHS compliant products

## Pumps, Valves & Motors

Sealing solutions for fluid handling systems

## Gas & Energy

Gas regulators, CNG/LPG kits & energy infrastructure

## Cement & Fertilizer

Heavy-duty components for process industries

## Textile & Dyeing

Rubber strips, door lip seals & dyeing machine parts

# ■ PACKAGING MACHINE

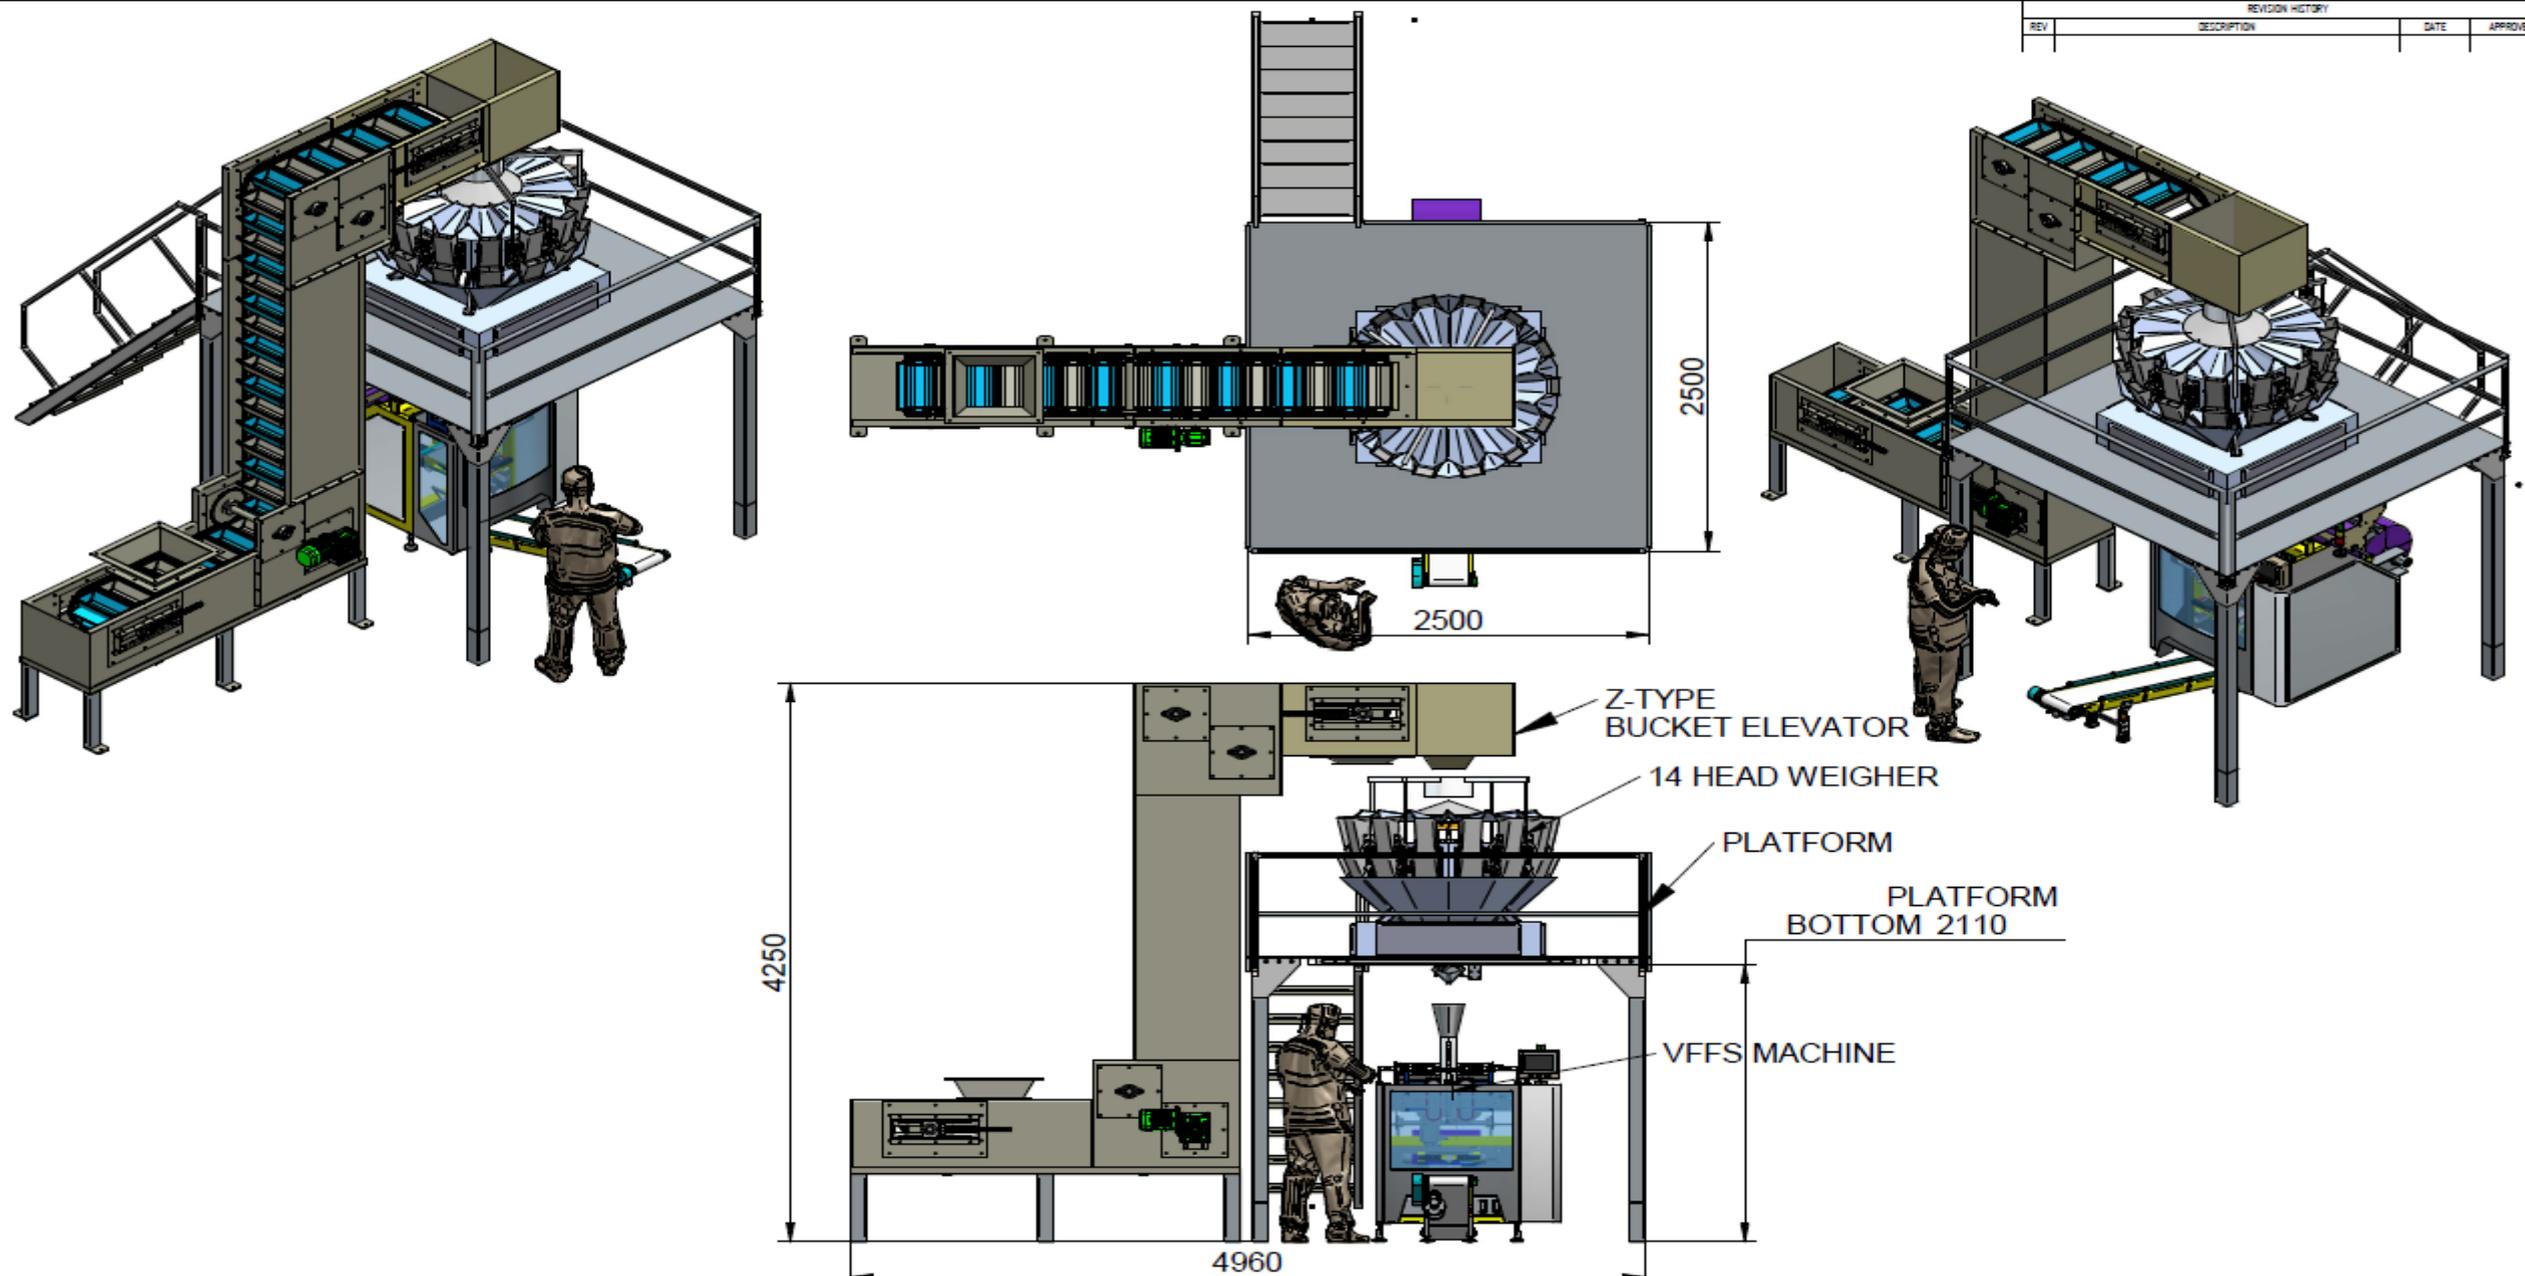

# PACKAGING MACHINE PARTS

# GN-014 PROPOSED VFFS MACHINE LAYOUT WITH Z-TYPE BUCKET ELEVATOR, 14 HEAD WEIGHER & TAKE UP

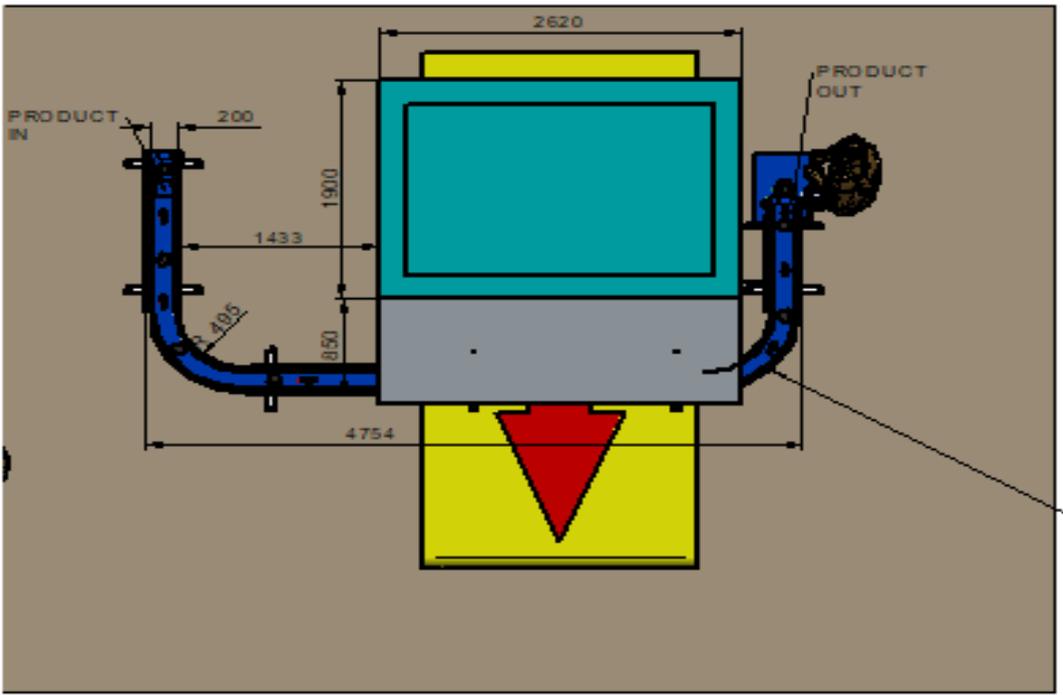

## CONVEYOR FOR POUCH DISCHARGE

REVISION HISTORY			
REV	DESCRIPTION	DATE	APPROVED

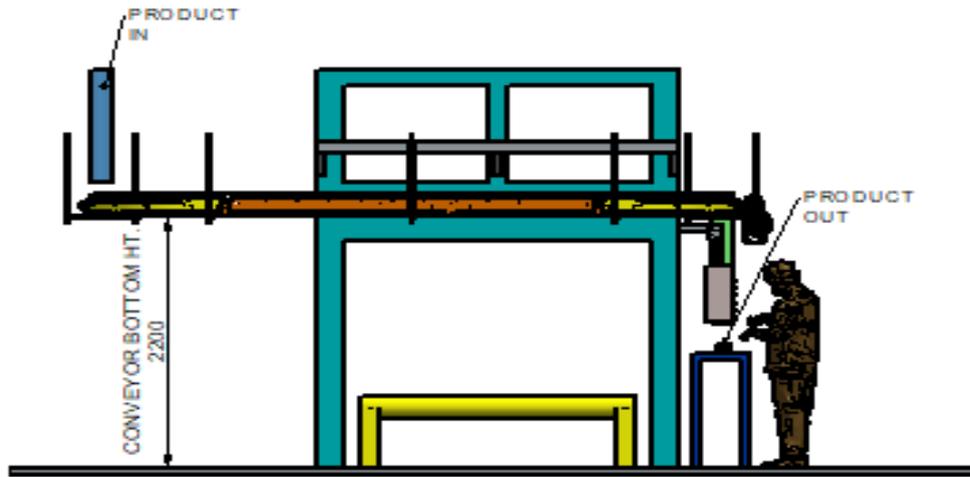

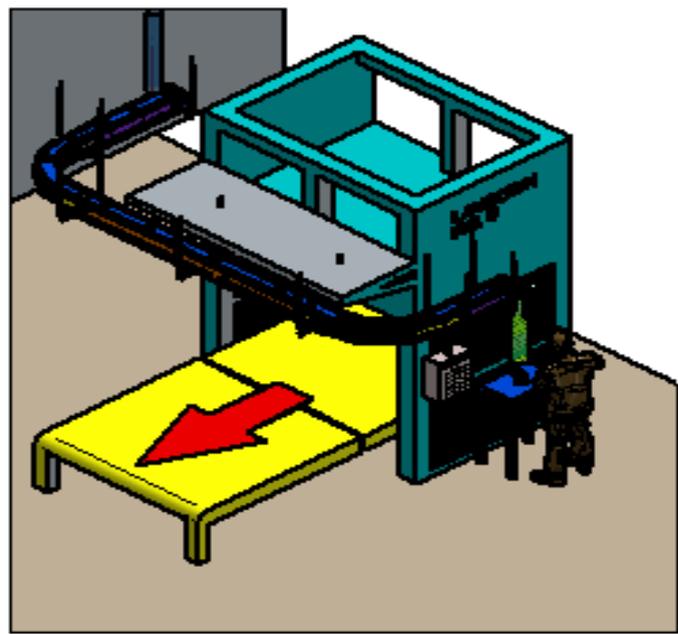

# CURVE TYPE HANGING MODULAR CONVEYOR

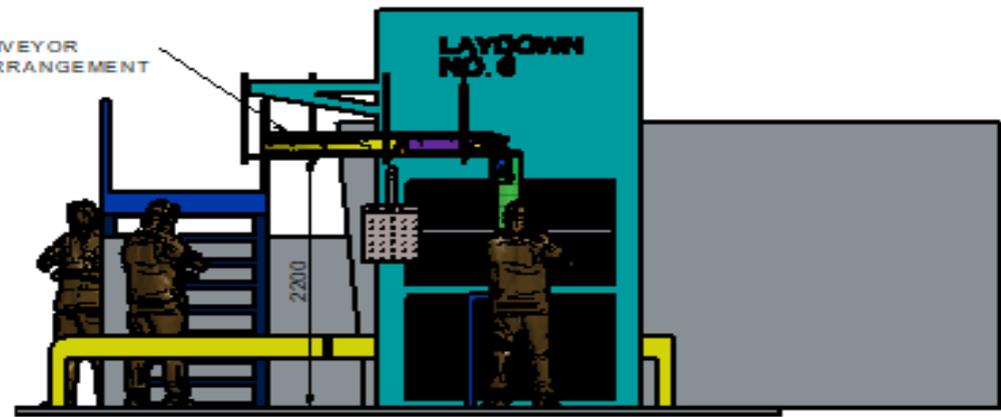

7.5 MTR CURVE CONVEYOR

# Why Choose P&D Industries

## High Quality Manufacturing

ISO-aligned processes; all products tested & inspected by certified professionals

## Custom Design Capability

Manufactured from drawing, sample or spec – any material, size or grade

## Competitive Pricing

Cost-effective solutions without compromising on quality or precision

## On-Time Delivery

Committed to timely delivery with zero-defect products every time

## Strong Infrastructure

In-house CNC, VMC, laser cutting, bending, welding & moulding facilities

# Infrastructure & Machinery

# Our Manufacturing Setup

**CNC / VMC Machines**  
Turning, milling & precision machining

**Laser Cutting**  
3KW fiber laser – MS up to 20mm, SS up to 12mm

**CNC Press Brake**  
3.2m bending machine, up to 6mm full length

**Welding**  
Synergic MIG/TIG, SMAW & GTAW up to 400A

**Pug Cutting Machine**

**Gas Cutting Set**  
**Pipe Cutter 14**  
**Hand Drill**  
**Portable Ove**

**AG 7 Angle Grinder (7 Disc Size)**  
**AG 5 Angle Grinder (5' Disc Size)**  
**AG 4 Angle Grinder (4" Disc Size)**

01

Rubber Moulding & Extrusion Lines

02

Screw Header, Drilling & Turning Machines

03

Gas Cutting, Angle Grinders & Crane (5 Ton)

# Quality Assurance

## ZERO DEFECT POLICY

### Built to the Highest Standards

- Dedicated final inspection department with modern lab equipment
- All critical dimensions & tolerances verified for interchangeability
- Raw materials certified by authorized laboratories
- ISO-aligned quality assurance program
- Electrical products: RoHS compliant & IP 65 approved
- CNC Tear-Trim tools for minimal flash lines & highest dimensional accuracy

# Our Major Clients

Trusted by leading names across India's most demanding industries:

## Tyres & Automotive

MRF Limited · Apollo Tyres · ATC Tyres

## Chemicals & Glass

Shreno Ltd · Piramal Glass · Alembic Ltd

## Engineering & Packaging

Taikisha Engg. · Unipack Engineering · Filsep Equipments · Himalaya Machinery

## Industrial & Products

Ashok Industries · Banco Products · Everest Industries · Venuss Industries

# Contact P&D Industries
